

FOR SALE:

SHOOTING STAR (RRNN)

It was a tough decision but we have decided to sell Shooting Star after five years of service. Shooting Star has done a great job for us including winners at all show levels. He is a Hamp influenced ram that has a great pedigree, he is big boned, very up fronted and loaded with muscle. His lambs are very stylish... they are tall fronted, hard muscled and look great on the profile. We purchased Shooting Star out of Greiner Club Lambs keeper pen in 2005 and have not been disappointed... his daughters are now some of our top producing ewes.
